

What You Should Know About:

Living Trusts

- Avoids Probate.
- Privacy.
- Asset protection for beneficiaries.
- Provides for distributions to beneficiaries over time.

VS.

Wills

- Probate Required.
- No privacy.
- Significant attorney fees and delays upon death.
- No asset protection.

*Most people think that an estate plan is limited to setting forth how their assets are to be distributed upon their passing. However, a crucial part of your plan addresses what occurs in the event of your incapacity.
